

TIN DO

Introduction

I'm Tin (Khiet) in my 20s seeking for an opportunity that brings me a step closer to the field of creative works. I graduated in law but always willing to join and learn about the things that I'm passionate in.

Career objective

I am expecting myself for a long lasted career in the creative industry. Through the time working surround as a freelance, I found beauty in the way people get in touch with their own language. And as much as myself started passionate in this field, I am seeking for an official working title, this will allow me more chances for learning and giving more of my values in work.
